

MyDentalChannel Team Huddle:

Trying...

"Trying" to do something is an honorable justification for failing."

In practice:

"Trying" is the way the psyche justifies not accomplishing the goals you set for yourself.

Be truthful with yourself, self- assess, and redirect your actions if you didn't succeed.

Your host,
John Buzza

Katherine Eitel – The Lioness Principle (Guest Expert Interview)

"Leadership has nothing to do with owning a business, the number of people you manage, how old you are, how long you've been in the business or how much you make. It has everything to do with your state of mind and the skill sets you master."

Discover the New Digital Study Group, the GOLD Practice Network:

 [Click here to visit:](#) **Limited Seating Available**

“ As a dentist for over 20 years, I have never seen the market shift so rapidly. Now, when you most need help and advice, who has the time or money to travel to seminars? That's why I created **the Digital Study Group -- GOLD -- combining new, continuing education with the tradition of the Study Group.** ”
John Buzza, DDS

Sound interesting? Wait till you see it in action!

Called the GOLD Practice Network, this Digital Study Group will enable you to keep up to date without having to travel. I invite you to be one of the select, "first on board" to get the power and profits this Group will help you achieve.

Here's why the GOLD Practice Network study group will be critical to your business survival:

- The Study Group model is successful; you need to interact with other Experts and Dentists, and DO NOT have to be limited to where you live.
- With the GOLD Practice Network, you and your team don't even have to leave town. You can ask questions and learn at your convenience, using just a computer and a phone.

Limited Seating is available so we can keep this small enough to help you, and large enough to share access with Experts and Dentists from around the country.
